

Region 4 Clean Water Utility Leader Dialogue

June 8, 2016
10:30 AM - 3:00 PM
Atlanta Marriott Marquis
Atlanta, GA

Join us for the Region 4 Clean Water Utility Leader Dialogue!

Dear Suzanne,

Please join the National Association of Clean Water Agencies (NACWA), the Georgia Association of Water Professionals (GAWP) and your fellow Region 4 utility colleagues for the [Region 4 Clean Water Utility Leader Dialogue](#), June 8th, in Atlanta, GA. Public wastewater and stormwater utility leaders from around the southeast will be able share experiences and exchange information on issues that affect the clean water community in a roundtable setting and network with peers. Among other things, we will examine wet weather challenges, water quality standards issues (including bacteria, nutrients, and toxics), and water reuse – but I encourage you to come prepared to discuss whatever is important to you and your utility! The meeting will be held in cooperation with the U.S. Water Alliance's [One Water Summit 2016*](#).

In the wake of national water crises, now is the time to join your clean water utility peers at a regional level to discuss shared concerns facing utilities in the Southeast. We look forward to a great discussion and hope your utility's voice will be included.

[Registration](#) is free. A draft [agenda](#) and more information can be found at www.nacwa.org/16r4w.

If you have any questions, please email [Brenna Mannion](#).

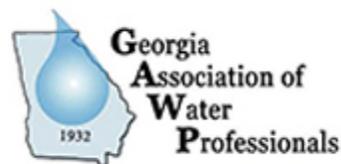

I hope to see you there,

Suzanne Goss
